"last_updated": "Dec 11, 2025", "author": "Lisa Caten", "description": "A badge covers a single
learning topic and is broken down into units. Each unit covers a subtopic within a badge, and has
either a quiz or an HOC (hands-on check or hands-on challenge) at the end. When you ace the
quiz or complete the HOC, you get a healthy dose of points that add to the total displayed on your
profile. When you've completed all of the units in a badge, you earn a new badge.",

"last_updated": "Dec 11, 2025", "author": "Lisa Caten", "description": "A quick look badge is a clear,
concise, easily-digested introduction to Salesforce. Its intent is to pique a learner's curiosity and
point to where they can learn more. A quick look focuses on one key question, such as: 'What are
the core functions of Data Cloud?' or 'What role could agentic AI play at my company?' Quick look
badges go through the same rigorous production and testing steps as other Trailhead badges, and
should not be used solely to get a badge out quickly.", "naming_and_structure": [ { "element":
"Quick Look Badge Name", "structure": "[noun] + : Quick Look", "guidelines": [ "No more than 80
characters", "Title capitalization", "What product or features will a learner be familiar with on a high
level after completing the Quick Look badge?" ], "examples": [ "Agentforce: Quick Look",
"Trailblazer Community: Quick Look" ] }, { "element": "Description", "structure": "[imperative verb] +
[learning objectives]", "guidelines": [ "No more than 90 characters", "Sentence capitalization, ends
with a period", "What are the main learning objectives of the quick look badge?", "Avoid repeating
the title." ], "examples": [ "Discover how Agentforce helps employees perform business tasks more
efficiently." ] }, { "element": "Unit Name", "structure": "[imperative verb] + [topic]", "guidelines": [ "No
